**Introduction:**

As part of its efforts to address the challenges and difficulties facing the local community and under an exceptional emergency situation in a province with its various districts, Generations Without Qat for awareness and development organization sought to implement interventions of a humanitarian and relief nature and within early recovery projects in coordination with partners Local and international.

As part of the project to provide humanitarian support to displaced persons and in partnership with Oxfam, Generations Without Qat education and development organization distributed health bags for those affected by the war, in Almudaffar, Salah and AlQaherah districts – Taiz.

The distribution has been well received by the beneficiaries and great satisfaction towards the implementing organizations, partner and funded as a result of receiving the hygiene kits under difficult circumstances they are going through, as most of these areas are located in the line of clashes and confrontations and these areas also come to the displaced people from time to time, as well as These areas have not previously been interfered with by relief organizations.

We hope that we will be able to work to meet the needs of the displaced and affected in the targeted areas and to alleviate the impact of the war on them.

**The project Objectives:**

Providing hygiene kits to th IDPs and war-affected people in 19 areas of Al-Mudaffar, Sala and AlQaherah districts.

Areas where hygiene Kits were distributed and the number of bags:

<i>District</i>	<i># of Hygiene Kits</i>
AlModafer	50
AlQaherah	40
Salah	34
Total	134

**The mechanism of distribution :-**

There have been many steps to reach the distribution point and these steps are therefore:

First: selecting the target areas.

Second: coordination with the executive unit of IDPs and those who concerned.

Third: field landing to survey beneficiaries within each region.

Fourth: Printing distribution cards for beneficiaries.

Fifth: Field landing to distribute cards to the beneficiaries.

## Sixth: Distribution of the hygiene kits.
